

Midterm: information

Time and place: May 20 (Monday), 17:30-18:40, Sege 404 (lecture time, lecture room). Students who have ishur arohat zman will stay in the same room.

Possibility to use notes, books, calculators, etc. You can use everything except wi-fi. Calculators not recommended. Mistake of calculator - your mistake.

Topics in the midterm: Chapters 1-4 of my book = lectures given by May 6 (incl. May 6). None of the sections of chapters 1-4 is excluded.

Level of difficulty: similar to homework exercises.

Format of the midterm: there will be fixed places for final answers and only final answers will be checked. It does not exclude partial credits in the case of wrong final answer because in this test I will see, from the final answers, what you understand and what not, and I will see if a mistake is related to an error in computation or to poor knowledge.

The possibility to redo the midterm to improve your grade: impossible.

The possibility to do the test not on May 20: in two cases only:

- (a) Miluim on May 20 or Miluim three days or more during the week May 12-17.
- (b) very special personal circumstances. For example, your own marriage party on May 20 (but not of your brother or sister).

If (a) or (b) please contact me.
